ICSA: The Chartered Governance Institute - Guernsey Branch

We are delighted to be hosting our Governance Guernsey 2020 conference on Wednesday 21st October, at the St Pierre Park Hotel, Guernsey.

Thanks to the strong management of the COVID pandemic by our Island government, this must be one of the few conferences taking place in the British Isles this year.

We have some excellent speakers and panel discussions on very current topics:

The Perfect Board – Getting the Mix Right

Assessing Governance – The New Matrix

Forward with Purpose – Planet, People, Profit

Artificial Intelligence in Financial Services

Corporate Failure – Spotting the Risks

Future Compliance – The New World Order

Practical Lessons in Crisis Management

Trust me I'm Listed - Restoring Purpose in Corporate Reporting

Great speakers & current topics - plus an excellent day of networking & CPD for attendees!

Further details and tickets available via the link below:
